

Memorial Scholarships

Memorial Donations

In honor of a loved one or family member the White Pass Scholarship Fund can be listed as a designated memorial in an obituary or remembrance. All donors will receive acknowledgement and the family will receive notification of donations made.

Ongoing Memorial Scholarships

Families or friends may establish a memorial scholarship that is funded and awarded annually. These memorial scholarships may contain specific criteria (preferred field of study, corner-turner, etc.) or they can be open to all qualifying applicants. Current examples include:

Nancy Quinn Memorial – Nancy was a graduate of the WP Class of 1973. This four-year renewable scholarship was established by her classmate.

June Rowland Memorial – preference to overcoming adversity and/or interest in the field of education.

Scholarships from Organizations

Organizations, businesses, or individuals can create an ongoing scholarship. These can contain criteria to guide the scholarship committee in the selection, or they can be open to any eligible applicants. Current examples include:

Elk Country Chapter of ABATE – preference to lower academic standing, trade school or "corner turner".

Packwood Fire Association – preference to students from Packwood

Oregon Foundation, Manasha Legacy Fund – preference to someone going into Natural Resource Management or pursuing a bachelor's degree.

Legacy Fund Contribution

In 2019 the White Pass Scholarship Committee established a Legacy Fund. We have set a goal to accumulate \$600,000 in this investment account to eventually reduce our reliance on annual fund raising. Our goal is to invest approximately 50% of our annual Auction income in this account, if possible, as well as accumulate growth through designated donations.

General Fund Contributions

General Funds are from annual donations or pledges from businesses, organizations, individuals, and General Memorials. These funds have no conditions or criteria attached to the donation and are considered as a General Fund Annual and intended to be awarded in the school year they are donated.

Through an application and interview process students receive scores in the areas of Grades, Commitment to Educational Goals, Community Service, School and Community Involvement, Financial Need and Presentation of Self. Points awarded in these categories are assigned a dollar value from our General Fund for disbursement.

Creating an Endowment

For a contribution of \$25,000 an endowment will be created that allows an annual scholarship to continue in perpetuity. Our treasurer will work with you to guide the process.

**Thank you for
considering the
White Pass Scholarship Fund!**

With generous donations from families, organizations, businesses, and individuals we work to support our local graduates in achieving their post-secondary educational goals.

One-time donations or ongoing contributions make our work possible.

We will work with you to develop the scholarship plan that best honors your loved one, your organization or supports your legacy. Please know that we are here to support, provide options or create a new path that is right for you.

Committee members to contact to talk through your needs and wishes are:
